Note:		> I won't take the body makeup (I asked you about it). I'll probably do it myself. You told me that you would ask for a better face makeup, that would be amazing :) If I have a say in this, I'd like the makeup to be as "Alessandra" for the #266 head, and as "Jule" for the #159-B. > No change about the eyes. I won't take the light blue ones. > So I'll pay for customs myself, I'll let you know if I need an invoice with low amount. > I gave the address of an "UPS Access Point" near me, I hope it's correct. > Is it possible to remind them to put some details on the buttohole? I know that it's often forgotten. I really appreciate all the help I got so far. At least I feel safe ordering from your website, knowing that you will deal with the factory on my behalf if needed. Apparently, it's a jungle out there. Thanks for everything!
